Royal Bharat

Our partnership with HNB Organics was instrumental in the successful launch of their FMCG brand, Royal Bharat. We provided comprehensive branding services, including logo design, social media management, and promotional advertising asset creation. Our goal was to differentiate Royal Bharat from established competitors like Fortune Foods, Ganesh, Satendra, Purti, Emami healthy and tasty.

Through our strategic branding efforts, Royal Bharat quickly gained recognition and established itself as a prominent player in the local West Bengal market. Our creative designs and targeted messaging helped to position the brand as a reliable and trustworthy choice for consumers.

Our recent ad shoot for Medigate, a Kolkata-based home delivery medicine service, captured the essence of Bengali culture. By casting talented Bengali actors, we ensured that our visuals resonated deeply with the local audience. The campaign effectively communicated Medigate's commitment to providing convenient and reliable healthcare services to the people of Bengal.
